

# ARMING CHRISTIANS TO INFLUENCE CULTURE

The majority of non-Christian Australians do not want the Church to go away quietly or to keep the Truth to ourselves - despite what journalists, musicians & movies constantly tell us.

The prophetic voice of the Church to society is every believer's mandate & authority to declare Truth in the public square.

It's the commission of our Master. *"Don't lose your saltiness, but flavour the world. Don't hide your light, but let it shine brightly."* 25 million neighbours are waiting for us to boldly speak the Truth in love.

The Church and State Summit is an annual conference which gathers high calibre speakers to encourage and equip the Body of Christ in this historic mission.

CAS19 is not only for pastors and Christian leaders, but teenagers and tradies and every believer who wants to be better informed and better involved in practically loving our neighbours through politics. It is non-denominational and non-partisan, presenting every issue firstly through the lens of Scripture.

“

The event was superb! Well organised with world class speakers. The content was highly relevant, practical and very engaging.

”

“

Variety of good speakers who knew their subject matter. More people need to hear what's happening and take up the challenge to fight for what is right and against what is wrong.

”

“

Quality of speakers was consistently extremely high. Content was very succinct (no waffling). Pathway to implementations were presented (not just theoretical).
